OUR NATIONAL PARTNERSHIP OFFERS EXCEPTIONAL OPPORTUNITIES

AUSA IS YOUR PROFESSIONAL EDGE

www.ausa.org/nationalpartner
WELCOME TO THE 2022 AUSA LANPAC SYMPOSIUM & EXPOSITION!

A Professional Development Forum

On behalf of all of us at the Association of the United States Army, welcome back to our LANPAC Symposium & Exposition! After two years without an in-person event, I can’t tell you how excited we are to see you at this important professional development defense forum. AUSA’s mission is to provide a quality forum for the worldwide defense community, where guest speakers address critical issues, and innovative technology is showcased.

The AUSA LANPAC Symposium is a world-class international event that highlights the role of land forces in the Indo-Pacific Theater and their contributions to the Joint Force in peace and war. This year’s theme is “STRENGTHENING ALLIANCES AND PARTNERSHIPS – HOW LANDPOWER CONTRIBUTES TO A FREE AND OPEN INDO-PACIFIC.”

This symposium provides a unique opportunity to engage with our allies and partners from across the Pacific region. Equally valuable, our exhibitors will demonstrate how they are meeting the needs of the U.S. military, while cooperating with and assisting other countries’ land forces in the Pacific theater. We encourage you to take advantage of everything our event has to offer over the three days.

This Show Guide is a great resource for your use. It includes detailed information about this year’s event, as well as a full listing of exhibitors and sponsors that we thank for participating with us.

I hope you have a very busy and productive week. We look forward to connecting with you and can’t wait to welcome you back!

Special Message from
Governor David Y. Ige

In Recognition of
2022 LANPAC Symposium & Exposition
May 17–19, 2022

On behalf of the people of Hawai‘i, I send a warm aloha to all those attending the Association of the United States Army (AUSA) 2022 LANPAC Symposium and Exposition and a special welcome to our international guests and neighbors who are visiting Hawai‘i for this conference.

We are honored that the AUSA has selected O‘ahu—“The Gathering Place”—to host its eighth LANPAC Symposium and Exposition. Congratulations to AUSA for the outstanding work you have done to bring together a stellar group of speakers to discuss how we can work together to enhance the capabilities of land forces through people, partnerships and products. Mahalo to AUSA for creating an exceptional opportunity for us to learn and work together.

AUSA’s choice of Hawai‘i for this conference is fitting as our islands serve as home to the U.S. Pacific Command and the U.S. Army Pacific. As the United States’ gateway to the Indo-Pacific theater, our state serves an important role in the “pivot to the Pacific,” from which we can ensure the stability and security of more than half of the world’s surface area and population. This is a critical responsibility that Hawai‘i is committed to supporting.

For those visiting the Aloha State, we hope you will have an opportunity to explore our islands from the iconic Diamond Head to historic Pearl Harbor and experience the true spirit of aloha. Best wishes for a productive and enjoyable conference.

With warmest regards,

DAVID Y. IGE
Governor, State of Hawai‘i

**Senior NCO Panel**
Regency Ballroom, Royal Hawaiian Hotel  
Wednesday, 18 May: 1430  

This important forum will focus on the Joint Pacific Multinational Readiness Training Center (JPMRC). The theme of this event is “Joint Pacific Multinational Training: The Importance of Training in the Environments We will Operate In.”

For a list of the panel participants, please reference our Program.

**New! AUSA Junior Leader Solarium**
The Junior Leader Solarium is a new initiative developed by AUSA’s Center of Leadership and complements the overall LANPAC program. 80 participants will be split into eight teams for interactive learning, engagement, and conversation. The teams will openly share their perspectives on leadership, coalition-building, and multi-domain operations. Each team will discuss three leadership challenges, share ideas between teams, and then provide senior USARPAC leaders with recommended solutions.

See page 9 for the AUSA Junior Leader Solarium details.
